

advanced WHEY Protein ISOLATE

Advanced Whey Protein Isolate has been formulated and designed to deliver the very best value in the Whey Protein Isolate category. Not only has Advanced Whey Protein Isolate been produced from the purest, most biologically active whey protein available, but several strategic, peer-reviewed ingredients have been added to further enhance protein bioavailability and the utilization of this protein in the muscle.

It is important to know that not all Whey Protein Isolates are processed the same. Some use harsh chemicals and heat to extract the protein from whey, but this only ends up denaturing the protein and rendering it inactive. Our Quality Control Department only selects Whey Protein Isolate that is Cold Temperature Processed and Cross-Flow Microfiltered, which pre-
