

ALL NATURAL BALANCED PROTEIN BAR with real fruit

100% Natural. No sugar added.

The iWinDirect **Balanced Protein Bar** will help you satisfy hunger, supply your body with energy when blood sugar levels start to run low and provide you with balanced macronutrients and broad spectrum micronutrients when you don't have time to sit down and eat properly.

This bar contains chunks of wholesome, delicious and real blueberries, cranberries, apples and strawberries. Each fruit chunk in the **Balanced Protein Bar** is a powerful source of health-supporting phytonutrients and antioxidants that protect your body's cells from damage. These natural ingredients will be working to promote your general health and strengthen your immune system. No more excuses for not eating fruit!

Sweetened by 100% natural sweeteners – the iWinDirect **Balanced Protein Bar** is a healthy indulgence indeed. Agave nectar, the natural sugar used as the sweetener, gives you the added advantage of a low glycemic index. This means sweetness without the unpleasant 'sugar rush' and unhealthy blood sugar spike caused by many other sugars.

With no fillers, no preservatives and nothing artificial, **Balanced Protein Bar** is a terrific way to get healthy nutrition from **all-natural ingredients**. Your body absorbs much more of natural food forms than synthetic alternatives. Increasing evidence shows that preservatives and additives are not good for health because the body has to work hard to eliminate the unwelcome chemicals from the system.

**With so many benefits, this is
a snack the Whole Family can enjoy.**

Ingredients: Soy Nuggets (Soy Protein Isolate, Tapioca Starch and Salt), Agave Nectar, Inulin (Chicory Root Extract), Cranberries, Dried Strawberries, Dried Blueberries, Whey Protein Concentrate, Almond Butter, Sunflower Seed Butter, Soy Lecithin, Natural Flavour, Soy Protein Isolate, Fruit Powder (Banana, Strawberry, Pomegranate, Acai, Blueberry, Cranberry, Raspberry, Blackberry), Beet Root Powder.
